Federal subsistence users may use drift gillnets for the subsistence harvest of king salmon in Federal public waters in Yukon River Subdistricts 4-B and 4-C from June 10 through July 14. These Federal public waters are within the Innoko-Kaiyuh Flat and Nowitna National Wildlife Refuges. **State waters between Ruby and Galena are closed to the use of drift gillnets.** Permits and fishing area maps are available from the refuge office in Galena (1-800-656-1231 or 656-1231). Identification confirming rural Yukon River drainage residency is required to obtain a free permit. Depending upon interest, permit issuing agents may visit Ruby, Koyukuk, and/or Tanana.

Future Subdistrict 4-B and 4-C subsistence fishing times are subject to change depending upon salmon run strength. Subsistence fishermen should consult both State and Federal regulations or contact an Alaska Department of Fish and Game or U.S. Fish and Wildlife Service office before subsistence fishing.
