

# Trapping Regulations

You may trap wildlife for subsistence uses only within the seasons and harvest limits in these Unit trapping regulations. Trapping wildlife out of season or in excess of harvest limits for subsistence uses is illegal and prohibited. However, you may trap unclassified wildlife (such as all squirrel and marmot species) in all units, without harvest limits, from July 1, 2008 through June 30, 2010.

## Please note:

- ◆ These trapping regulations may be changed through regulatory actions (Special Actions) authorized by the Federal Subsistence Board during the regulatory year.
- ◆ See the hunting regulation section for Unit descriptions and maps.
- ◆ An “All rural residents” designation in the following customary and traditional use determinations means that the Federal Subsistence Board has not yet made a specific determination, and therefore all rural residents are eligible to harvest wildlife within designated seasons and harvest limits.

## Subsistence Trapping Restrictions

*When taking wildlife for subsistence purposes, trappers may not:*

- Disturb or destroy a den (except any muskrat pushup or feeding house that may be disturbed in the course of trapping).
- Disturb or destroy any beaver house.
- Take beaver by any means other than a steel trap or snare, except certain times of the year when firearms may be used to take beaver in Units 9, 12, 17, 18, 20E, 21E, 22 and 23. *See Unit-specific regulations.*
- Under a trapping license, take a free-ranging furbearer with a firearm on NPS lands.
- Take otter with a steel trap having a jaw spread of less than 5 7/8 inches during any closed mink and marten season in the same Unit.
- Take (or assist in the taking of) furbearers by firearm before 3:00 a.m. on the day following the day on which airborne travel occurred. This does not apply to a trapper using a firearm to dispatch furbearers caught in a trap or snare.
- Use a net or fish trap (except a blackfish or fyke trap).
- Use a firearm other than a shotgun, muzzle-loaded rifle, rifle or pistol using center-firing cartridges, for the taking of a wolf or wolverine, except that:
  - You may use a firearm that shoots rimfire cartridges to take wolf and wolverine under a trapping license. You may sell the raw fur or tanned pelt, with or without claws attached, from legally harvested furbearers.

## Special Provisions

- **National Park Service (NPS) areas**—For subsistence use, national parks and monuments are open only to NPS qualified subsistence users. Subsistence users must be local rural residents of NPS areas. For more information, contact the NPS office in Anchorage at (907) 644-3509.
- Federal public lands within **Glacier Bay National Park, Sitka National Historical Park, Klondike Gold Rush National Historical Park, Kenai Fjords National Park, Katmai National Park, and Mount McKinley National Park** as it existed prior to Dec. 2, 1980, are closed to all trapping, including trapping for subsistence uses. Trapping for subsistence uses, under these regulations, is allowed in **Denali National Preserve** and on lands added to **Denali National Park** on Dec. 2, 1980.
- With a trapping license, you may not take a free-ranging furbearer with a firearm in any NPS area.
- The **Dalton Highway Corridor Management Area**, which consists of those portions of Units 20, 24, 25, and 26 extending five miles from each side of the Dalton Highway from the Yukon River to Prudhoe Bay, is closed to the use of motorized vehicles (except aircraft and boats), and to licensed highway vehicles, snowmobiles, and firearms (except as provided below). The use of snowmobiles is authorized only for the subsistence taking of wildlife by residents living within the Dalton Highway Corridor Management Area. The use of licensed highway vehicles is limited only to designated roads within the Dalton Highway Corridor Management Area. The use of firearms within the corridor management area for subsistence taking of wildlife is authorized only for residents of Alatna, Allakaket, Anaktuvuk Pass, Bettles, Evansville, Stevens Village, and residents living within the Dalton Highway Corridor Management Area.
- **In Units 1–5**, you may not shoot wolf or wolverine from a boat unless you are certified as disabled.

# Trapping

## Unit 1 Southeast Mainland

**Unit 1C**, Juneau area, the trapping of furbearers for subsistence uses is prohibited on the following public lands:

- A strip within one-quarter mile of the mainland coast between the end of Thane Road and the end of Glacier Highway at Echo Cove;
- That area of the Mendenhall Valley bounded on the south by the Glacier Highway, on the west by the Mendenhall Loop Road and Montana Creek Road and Spur Road to Mendenhall Lake, on the north by Mendenhall Lake, and on the east by the Mendenhall Loop Road and Forest Service Glacier Spur Road to the Forest Service Visitor Center;
- That area within the U.S. Forest Service Mendenhall Glacier Recreation Area;
- A strip within one-quarter mile of the following trails as designated on U.S. Geological Survey maps: Herbert Glacier Trail, Windfall Lake Trail, Peterson Lake Trail, Spaulding Meadows Trail (including the loop trail), Nugget Creek Trail, Outer Point Trail, Dan Moller Trail, Perseverance Trail, Granite Creek Trail, Mt. Roberts Trail, Nelson Water Supply Trail, Sheep Creek Trail, and Point Bishop Trail.

## Unit 3 Petersburg-Wrangell

- In the Petersburg vicinity, a strip one-fourth mile wide on each side of the Mitkof Highway from milepost 0 to Crystal Lake campground is closed to the taking of wolf and wolverine.

## Unit 6 Cordova-Valdez

- **Units 6B and 6C**—Coyote may be taken with the aid of artificial lights.

## Unit 8 Kodiak-Shelikof

- A firearm may be used to take beaver with a trapping license from Nov. 10–Apr. 30.

## Unit 9 Alaska Peninsula

- **Unit 9B**—You may take beaver with a trapping license from Apr. 1–May 31, and in **Unit 9 remainder** from Apr. 1–30.

## Unit 10 Aleutian Islands

- On **Otter Island** in the Pribilof Islands, the taking of any wildlife species for subsistence uses is prohibited.

## Unit 12 Upper Tanana-White River

- Trapping of coyote or wolf is prohibited during Apr. and Oct. with a steel trap or with a snare using cable smaller than 3/32-inch diameter.

## Unit 13 Nelchina-Upper Susitna

- BLM restricts the use of off-road vehicles to certain designated trails off the Denali and Richardson highways in the **Tangle Lakes Archaeological District**. For information and maps on these trails and their restrictions, contact the BLM Glennallen District Office, P.O. Box 147, Glennallen, AK 99588 (907) 822-3217.

## Unit 14 Anchorage

- The **Fort Richardson and Elmendorf Air Force Base Management Areas**, consisting of the Fort Richardson and Elmendorf military reservations, are closed to the subsistence taking of wildlife.
- The **Anchorage Management Area**, consisting of all drainages south of Elmendorf and Fort Richardson military reservations and north of (and including) Rainbow Creek is closed to subsistence taking of wildlife.

## Unit 15 Kenai

- You may not trap furbearers for subsistence in the **Skilak Loop Wildlife Management Area**.
- Taking a red fox by any means other than a steel trap or snare is prohibited.
- Use of aircraft, off-road vehicles, and firearms is subject to special Kenai National Wildlife Refuge regulations. Contact the Refuge at (907) 262-7021 for current regulations.
- **Unit 15B portion**—You may not trap marten in that portion of Unit 15B east of the Kenai River, Skilak Lake, Skilak River, and Skilak Glacier.

## Unit 17 Bristol Bay

- If you have a trapping license, you may use a firearm to take beaver from Apr. 15–May 31.

## Unit 18 Yukon-Kuskokwim Delta

- A firearm may be used to take beaver under a trapping license from Apr. 1–June 10.

## Unit 20 Fairbanks-Central Tenana

- **Unit 20E**—Trapping of coyote or wolf is prohibited during Apr. and Oct. with a steel trap, or with a snare using cable smaller than 3/32 inch diameter.

## Unit 21 Middle Yukon

- **Unit 21E**—A firearm may be used to take beaver with a trapping license from Nov. 1–June 10.

## Unit 22 Seward Peninsula

- A firearm may be used to take beaver with a trapping license during the established seasons.
- Coyote, incidentally taken with a trap or snare intended for red fox or wolf, may be used for subsistence purposes.

## Special Provisions (continued)

### Unit 23 Kotzebue Sound

- A firearm may be used to take beaver with a trapping license from Nov. 1–June 10.

### Unit 24 Koyukuk

- Arctic fox, incidentally taken with a trap or snare intended for red fox, may be used for subsistence purposes.

CUSTOMARY & TRADITIONAL USE DETERMINATION	HARVEST LIMITS	OPEN SEASONS
<b>BEAVER</b>		
<b>All rural residents</b>
