 - NPS Administered Parks
 - NPS Administered Preserves
 - BLM Administered Land
 - USFS Administered Land
 - Closed to Subsistence
 - Special Management & Controlled Use Areas
 - Unit Boundary
 - Sub-Unit Boundaries
 - Roads

Unit 9 / Hunting

(See Unit 9 Alaska Peninsula map)

Unit 9 consists of the Alaska Peninsula and adjacent islands; including drainages east of False Pass, Pacific Ocean drainages west of (and excluding) the Redoubt Creek drainage; drainages into the south side of Bristol Bay; and drainages into the north side of Bristol Bay east of Etolin Point and including the Sanak and Shumagin Islands.

Unit 9A consists of that portion of Unit 9 draining into the Shelikof Strait and Cook Inlet between the southern boundary of Unit 16 (Redoubt Creek) and the northern boundary of Katmai National Park and Preserve.

Unit 9B consists of the Kvichak River drainage, except those lands drained by the Kvichak River/Bay between the Alagnak River drainage and the Naknek River drainage.

Unit 9C consists of the Alagnak (Branch) River drainage, the Naknek River drainage, lands drained by the Kvichak River/Bay between the Alagnak River drainage and the Naknek River drainage, and all land and water within Katmai National Park and Preserve.

Unit 9D consists of all Alaska Peninsula drainages west of a line from the southernmost head of Port Moller to the head of American Bay, including the Shumagin Islands and other islands of Unit 9 west of the Shumagin Islands.

Special Provisions

- The use of motorized vehicles, excluding aircraft, boats, or snowmobiles used for hunting and for transporting a hunter or harvested animal parts, is prohibited from Aug. 1–Nov. 30 in the Naknek Controlled Use Area. The controlled use area includes all of Unit 9C within the Naknek River drainage upstream from (and including) the King Salmon Creek drainage. However, this restriction does not apply to a motorized vehicle on the Naknek-King Salmon, Lake Camp, and Rapids Camp roads and on the King Salmon Creek trail, and on frozen surfaces of the Naknek River and Big Creek.
- Residents of Newhalen, Nondalton, Iliamna, Pedro Bay, and Port Alsworth may take a total of 10 bull moose in Unit 9B for ceremonial purposes by Federal registration permit from July 1–June 30. Up to 10 permits will be issued by Lake Clark National Park in Port Alsworth only at the request of local organizations. This 10 moose limit is not cumulative with that permitted for potlatches by the State.
- Brown bear hunting—No resident tag is required for taking brown bear in Unit 9E, provided that the hunter has a Federal registration permit prior to hunting. See page 20 for bear sealing requirements.
- Brown bear hunting—No resident tag is required in Unit 9B, provided that the hunter has a State registration permit when hunting on land outside NPS lands, or a Federal registration permit when hunting within NPS lands.
- Brown bear hunting—In Unit 9B, (Lake Clark National Park and Preserve), residents of Nondalton, Iliamna, Newhalen, Pedro Bay and Port Alsworth may hunt brown bear by Federal registration permit in lieu of a resident tag. Ten permits will be available. At least 1 permit will be issued in each community, but no more than 5 permits each per community.
- Federal public lands within **Katmai National Park** are closed to all hunting, including the hunting of wildlife for subsistence uses.
- Bull caribou designated hunter, Units 9C and 9E—A Federally qualified subsistence user (recipient) of Units 9C and 9E may designate another Federally qualified subsistence user (designated hunter) of Units 9C and 9E to take bull caribou on their behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunters must get a designated hunter permit and must return a completed harvest report and turn over all meat to the recipient. There is no restriction on the number of possession limits the designated hunter may have in their possession at any one time.
- Caribou designated hunter, Unit 9D—A Federally qualified subsistence user (recipient) may designate another Federally qualified subsistence user (designated hunter) to take caribou on their behalf, unless the recipient is a member of a community operating under a community harvest system. The designated hunter must get a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients, but may have no more than four harvest limits in their possession at any one time.
- The communities of False Pass, King Cove, Cold Bay, Sand Point, and Nelson Lagoon annually may each take, from Oct. 1–Dec. 31 or May 10–May 25, one brown bear for ceremonial purposes, under the terms of a Federal registration permit. A permit will be issued to an individual only at the request of a local organization. The brown bear may be taken from either Units 9D or 10 (Unimak Island) only. See page 20 for bear sealing requirements.

Special Provisions (continued)

- **National Park Service (NPS) areas**—For subsistence use, national parks and monuments are open only to NPS qualified subsistence users. Subsistence users must be local rural residents of NPS areas. For more information, contact the NPS office in Anchorage at (907) 644-3509.
- All edible meat from caribou and moose harvested in **Unit 9** prior to Oct. 1 must remain on the bones of the front quarters and hind quarters until the meat is removed from the field or is processed for human consumption.
- You may hunt brown bear in Unit 9E with a Federal registration permit in lieu of a State locking tag, if you have a Federal registration permit prior to hunting.
